Step One: Zoom to the field and click the "Map Site" buttor. Then select a shape and click the "Traw" buttor.	Site Historical Maps Date Posted No Results

In the "Select a Shape" dropdown, there are options of three shape types to select.

- Polygon- allows you to draw squares or irregular shapes
- Crop Circle- allows you to draw a crop circle around a field
- Exclusion- allows you to exclude an area from a polygon or crop circle
 - Note- Exclusions can only be drawn after a polygon or crop circle are drawn and before "Save/Approve" is selected

After the shape that needs to be drawn is selected, select "Draw" to start drawing the shape. Click around the edge of the field to draw the field border. The field border should appear in yellow. The word "Finish" will appear when you are about to complete the Polygon or Crop Circle.

Note: When draw is selected, the "Draw" button will be greyed out.
