

PUR Form Upgrade FAQ

- The new Pesticide Use Report (PUR) form will be released on June 1.
- The new report incorporates many new features and most importantly, the new tabbed view will provide a quicker and more efficient user experience.

PUR Form Upgrade FAQ

STEP 1: Location Information

- Select a Grower
- Select the Site and Block if required.
- Change the Planted Area, Treated Area and other non required fields as necessary for your requirements.

The screenshot displays the 'BETA Pesticide Use Report' interface. The 'Location Information' tab is highlighted with a red box. The main form includes a 'Grower' dropdown menu with the text 'Please Select a Grower' and a 'Site' dropdown menu with a '-' symbol, accompanied by 'Add' and 'Remove All' buttons. Below this is a table with columns for 'Name', 'Crop', 'County', and 'Treated Area', showing 'No Results'. An 'Add Site' dialog box is open on the right, featuring a list of blocks (a, b, c, d) with 'd' selected. The dialog also contains input fields for 'Planted Area' (25 Acres), 'Treated Area' (7 Acres), 'Row Spacing' (Ft.), 'Band Width' (Ft.), 'Date Applied' (May 28, 2009), and 'Time Applied' (14:26). 'Cancel' and 'Add Site' buttons are at the bottom of the dialog.

PUR Form Upgrade FAQ

STEP 1: Location Information-Continued

- Once the Grower – Site data has been selected, the remaining tabs become “enabled”

The screenshot displays the 'BETA Pesticide Use Report' interface. At the top, there are navigation tabs: 'Advisor Tools', 'Field Data', 'Account Settings', 'Agrian Standalone', and 'Compliance Audits'. Below these is a green navigation bar with links: 'Advisor Homepage', 'All Reports', 'Open Recs', 'Application Search', 'Grower Management', 'Applicators', 'VOC Calculator', and 'What's New?'. A search box labeled 'Report Search...' is on the right. The main content area has a sub-header 'BETA Pesticide Use Report' and a 'Start Over' button. Below this is a tabbed interface with 'Location Information', 'Application Details', 'Final Details', and 'Review'. The 'Application Details' tab is highlighted with a red box. The form shows 'Grower : BETA PERMITEE 1' and 'Site : Grape - 40 Acres - 03-103 - (speedy Shi' with 'Add' and 'Remove All' buttons. A table lists application details:

Name	Crop	County	Treated Area
Grape - 20 Acres - 07-101 - (Speedy Shared)	GRAPE	Tulare	20

Total Treated Area : 20 Acres
