

## DYNAMARK® U.V.

### BLUE SPRAY INDICATOR

**DYNAMARK U.V. Blue Spray Indicator** when added to the spray tank, will show exact application results. Sprayer operators and application crews will save money by seeing the immediate results of their work. Swath, overlap, retreatment of missed areas, and skips may be eliminated.

Add **DYNAMARK U.V. Blue Spray Indicator** to industrial, forestry, spot allocation, soil sterilization, knapsack, and other applications. Do not apply to food or feed crops or grain following harvest. The mixing table is a guide only. The rate may be varied slightly according to crop and spray conditions.

| SPRAY TANK VOLUME | AMOUNT OF DYNAMARK BLUE SPRAY INDICATOR |
|-------------------|---|
| per 1 gallon      | 1 teaspoon                              |
| per 3 gallons     | 1 -2 oz.                                |
| per 30 gallons    | 4 - 9 oz.                               |
| per 50 gallons    | 6 - 15 oz.                              |
| per 100 gallons   | 12-30 oz.                               |

#### Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
