Helping Nature WorkSM

Directions for Commercial Use:

Sysstem-K is for soil or foliar use. Foliar: Apply 1 to 3 quarts per acre (2.5 to 7.5 liters per hectare) with sufficient water for thorough coverage. Product can be applied at 7 to 14 day intervals for a maximum of 5 times during the growing season. Spray in early morning or late afternoon. Do not apply during the "sunlight" hours when air temperature is above 85° F/30° C. Foliar fertilization is intended to supplement standard ground fertility programs and will not by itself provide all nutrients normally required by agricultural crops. Soil Use: Apply 2 to 5 quarts per acre (2.5 to 12.5 liters/hectare). Product can be injected in to irrigation systems or band sprayed at the base of crop row. If you have any questions regarding mixing or application rates contact your Agro-K dealer before using this product. Sysstem-K is compatible with many fertilizers and pesticides, but a compatibility check is recommended.

Guaranteed Analysis:
Total Phosphoric Acid (P₂O₅) 30%
Soluble Potash (K₂O) 20%
